

Notice

This document was generated by the [WLDragnet Report Search](#), developed as a tool to supplement the [Talk Liberation Investigates: WLDragnet series](#). This document is released under the [CC0 Public Domain Dedication](#) to the extent possible under law. See our [Privacy Policy](#) for our commitment to protecting your data.

The data we present was compiled via open-source intelligence, and none of the published information was obtained via leaks, hacking, or data breaches. Though all documents that support our research are publicly-available, the compilation, annotation, and analysis by Talk Liberation comprises an original and noteworthy contribution to public understanding of mass surveillance.

This document relies upon public data from external sources at the [NodeXL Graph Gallery](#). We have attempted to present this information accurately and in a convenient and comprehensible form. However, we do not vouch for the veracity of the sources in the NodeXL Graph Gallery or the quality of the datasets generated by NodeXL.

We encourage readers to independently validate this work and to develop it further. These reports are provided for the public good as well as journalistic and technical exploration beyond the scope of our initial WLDragnet investigation.

For media inquiries, please contact media@talkliberation.com. Found a bug? [Report it](#).
